\*ISI approved tanks are available up to 3000 litres.

## WHY PRINCE STOREFIT?

Experience gathered over three decades of operation. Expertise fine tuned by successfully solving a wide variety of challenges - across domestic, industrial and agricultural segments. Now, Prince Pipes brings its mastery of PVC to a new segment:

Storefit water tanks. Let's see how every detail in Storefit has been meticulously planned to protect and secure the most precious element of our daily life - water.

## FEATURES & BENEFITS

### UV STABILIZATION

UV stabilized material prevents degradation and ensures no environmental stress, cracking, chalking or loss in the physical properties of the tank.

### FOOD GRADE

Safe for drinking water applications.

### BUILT STRONGER

Extra ribs for enhanced durability. Reduced bulging with full tank. Minimized chances of bursting under pressure.

### EASY INSTALLATION

Provision of multiple plumbing inlets and outlets for the ease of connection.

### THREADED LID

Enhances the life of cover. Keeps water free from dust and flies.

### AIR VENTILATOR

Built-in ventilator allows water to breathe (to natural oxygen level) and stay fresh. They also help to avoid deformations.

### UV PROTECTION COVER

Additional black cover below the lid to prevent entering of UV rays from the top opening of tank.

### ANTIMICROBIAL

Inner layer added with silver based antimicrobial agent which prevents bacterial growth and keeps water fresh.

## PRINCE COMPATIBLE PRODUCTS

- FlowGuard Plus CPVC Pipes • Greenfit UV Stabilized PPR Pipes • Easyfit UPVC Pipes
- Ball Valves • CPVC, PPR & UPVC Fittings • Solvents

## ABOUT PRINCE PIPES

With a 30-year legacy and a network of 7 factories across India, we are known for manufacturing high quality piping systems for plumbing, borewell, agriculture, sewage and industrial applications. This is why we are already a household name across India. And now, we are all set to delight you with our introductory range of overhead storage solutions - Prince Storefit water tanks.

A mark of identification of the genuine Prince Storefit tanks.  
This mark is non-removable, unscratchable and in-mold.

Look for the seal on top of the tank to identify original from counterfeit.
